### **Requested By:**

the Select Board, and at the request of the Town Manager and the Capital Planning Committee

### **Report Excerpt:**

[Capital Planning Committee] As always, the vote on the Capital Budget specifically covers Fiscal Year 2027 only, not the Five-Year Capital Plan. The vote comprises nine separate sections:

1. To reappropriate unspent funds carried forward from prior years' completed projects that were financed by bonds, with specific dollar amounts;
2. To pay for the current year new acquisitions or projects using funds obtained directly from the tax levy (cash), with

specific dollar amounts;

3. To pay the debt service on capital acquisitions that were financed by prior years' bonds, with specific dollar amounts;
4. To pay for new acquisitions using sources of funds other than the tax levy, with specific dollar amounts;
5. To authorize bonds to pay for new acquisitions, for which the debt service will be paid for in future fiscal years, with specific dollar amounts;
6. To authorize the Town to seek external grants and funds for capital purposes;
7. To authorize the carrying-over in the capital budget of any unspent funds to be used for capital appropriations in future years;
8. To authorize the Town Manager, in certain cases and under certain conditions, to transfer and spend unencumbered funds that are no longer needed for their original purpose; and
9. To offset the capital plan with bond premiums, if available.

We respectfully ask for your approval of Article 65, the Capital Budget Vote for Fiscal Year 2027, as printed in this report

[The Finance Committee] adopts in its entirety the recommended vote of the Capital Planning Committee as set forth in the 2026 Annual Town Meeting Report of the Capital Planning Committee, and further votes to appropriate the sums identified therein for the capital purposes described; and that such appropriations shall be funded by transfers from available funds, by amounts raised through taxation, and/or by borrowing, as set forth in said Report.
